**Overall Length:**

5.590 inches

**End Application:**

Pneumatic assembly p/n 01281-0287-0001 f16 acft

**Special Features:**

Manufacturers name: transducer, differential, assembly

**Functional Description:**

Converts a differential pressure into an electrical signal

**Reference Data And Literature:**

T.O. 5f25-9-4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T179-e
