End Application:

4910-00-141-8702

Usage Design:

Hydraulic brake and clutch pressure gage

Actuation Type:

Pressure sensing element

Scale Range:

+0.0/+60.0 pounds pressure per square inch

Connection Quantity:

1

Scale Type:

Dial

Connection Type:

External

Connection Location:

Back, center

Functional Description:

Bleeder tank

Reference Data And Literature:

Mfr manual 900

Type/model Designation:

T3400

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-b
