Overall Length:

1.250 inches

Operating Temperature Range:

+0.0/+1000.0 degrees fahrenheit

End Application:

Low pressure dry air-dehydrators; combat sys support equipment

Unit Type:

Protective tube

Accommodated Wire Awg Size:

20

Material:

Glass individual wire insulationsteel outer jacket insulation/sheathing

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
