Overall Length:
1.250 inches
Operating Tempurature Range:
+0.0/+1000.0 degrees fahrenheit
End Application:
Low pressure dry air-dehydrators; combat sys support equipment
Unit Type:
Protective tube
Accommodated Wire Awg Size:
20
Material:
Glass individual wire insulationsteel outer jacket insulation/sheathing
Terminal Type And Quantity:
4 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
