**Overall Length:**

6.820 inches

**Overall Height:**

2.840 inches

**Overall Width:**

5.670 inches

**Operating Temperature Range:**

+32.0/+212.0 degrees fahrenheit

**Scale Calibration:**

Calibrated to thermistor

**Scale Smallest Increment:**

1.0 degrees fahrenheit

**Case Type:**

Corrosion resistant

**Scale Accuracy Rating:**

4 degrees at 1 degrees resolution

**Environmental Attribute Code:**

Non-mercury alternative - medical products - thermometers

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A27600
