Overall Length:

6.820 inches

Overall Height:

2.840 inches

Overall Width:

5.670 inches

Operating Temperature Range:

+32.0/+212.0 degrees fahrenheit

Scale Calibration:

Calibrated to thermistor

Scale Smallest Increment:

1.0 degrees fahrenheit

Case Type:

Corrosion resistant

Scale Accuracy Rating:

4 degrees at 1 degrees resolution

Environmental Attribute Code:

Non-mercury alternative - medical products - thermometers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
