Thread Length:

0.250 inches

Overall Length:

2.630 inches

Operating Temperature Range:

-0.0/+300.0 degrees fahrenheit

Unit Type:

Protective tube

Distance Across Wrenching Surface Flats:

0.620 inches

Accommodated Contact Type And Quantity:

1 male snap-on

Material:

Stainless steel

Style Designator:

Transmitter, 24v dc

Terminal Type And Quantity:

1 connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
