**General Description:**

Temp range 0 to 230 degrees c, max aperture dia 0.625 in., max power at 115vac 50-60 hz is 30 watts, typical application are equipment calibration in photometry, pyrometry, and infrared detection and measurement, these provide radiation having well-known theoretical relationships between temperature and radiated power

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
