Case Material:

Plastic

End Application:

Missile, pershing 2; vehicle, aircraft refueller r-9

Actuation Type:

Piston

Adjustability:

Adjustable

Scale Range:

+0.0/+10.0 pounds pressure per square inch

Scale Name:

Differential pressure

Dial Size:

2-1/2 in. Dia

Connection Quantity:

3

Pointer Color:

Black

Pointer Type:

Indicating

Scale Type:

Single

Connection Type:

Internal

Scale Accuracy:

2 to 3 pct full range

Actuating Element Material:

Aluminum and brass

Connection Location:

Back

Protective Crystal Material:

Plastic

Connection Size:

0.250 fnpt in. Dia

Connector Type Vent:

Not provided

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-b
