Depth:

8.500 inches

Presentation Type:

Digital display

Scale Range:

-155.0/+1370.0 degrees celsius single indicator single scale

Mounting Facility Type And Quantity:

1 panel

Display Type:

Light emitting diode

Special Features:

Panel mounted body size: 8.500 in. Nom; thermocouple material: copper constantan; temp range is for sensor

Height:

3.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
