Overall Length:

7.188 inches

Outside Diameter:

0.750 inches

Operating Temperature Range:

-40.0/+93.3 degrees celsius

End Application:

Electric power generation sys

Unit Type:

Protective tube

Accommodated Contact Type And Quantity:

3 wire lead

Style Designator:

Transmitter, 24v dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
