**Overall Length:**

7.188 inches

**Outside Diameter:**

0.750 inches

**Operating Temperature Range:**

-40.0/+93.3 degrees celsius

**End Application:**

Electric power generation sys

**Unit Type:**

Protective tube

**Accommodated Contact Type And Quantity:**

3 wire lead

**Style Designator:**

Transmitter, 24v dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A27600
