Electrical Resistance Temperature Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-119-5560

Overall Length:
7.188 inches
Outside Diameter:
0.750 inches
Operating Tempurature Range:
-40.0/+93.3 degrees celsius
End Application:
Electric power generation sys
Unit Type:
Protective tube
Accommodated Contact Type And Quantity:
3 wire lead
Style Designator:
Transmitter, 24v dc
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
