**Overall Length:** 

25.000 inches

**Operating Tempurature Range:** 

+0.0/+650.0 degrees fahrenheit

## **End Application:**

Nuclear reactors program

#### Unit Type:

Protective tube

## Accommodated Wire Awg Size:

20

## Material:

Plastic outer jacket insulation/sheathing

#### Terminal Type And Quantity:

2 plug

Shelf Life:

N/a

#### Unit Of Measure:

--Demilitarization:

No

#### Fiig:

A27600
