Case Material:

Aluminum, die cast

Case Surface Treatment:

Resin, epoxy

End Application:

Combat sys support equipment

Actuation Type:

Bellows

Scale Range:

+0.0/+89.0 inches of water

Scale Name:

Differential pressure

Dial Size:

4-1/2 in. Dia

Scale Type:

Single

Actuating Element Material:

Beryllium copper

Scale Inscription/background Color:

Black markings on white background

Bezel Type:

Thread

Connector Type Vent:

Not provided

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
