End Application:

E-3a acft

Functional Description:

Provides system leakage and pressure drop tests in forward and aft avionics forced air cooling systems

General Description:

Mobile; c/o pressure gage measuring in in. Water, glass tube vertical hdy enclosure float type flowmeter, adapter to mate w/ air conditioning trailer (by way of service hose adapter p/n ace277-804), flexible service hose 60.000 in. Nom lg, mating connector to aircraft ground cooling receptacle, flex. Pressure tube 47.0 to 50.0 ft lg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
