Overall Length:

1.750 inches

Overall Height:

5.188 inches

Operating Tempurature Range:

-40.0/+71.0 degrees celsius

End Application:

Control air sys ventiliation onboard 400 ft wagb coast guard vessels

Special Features:

Rect rear mt brkt w/slotted holes; sensing elem - stnls stl bulb & capillaries

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
