**Overall Length:**

58.500 inches

**Outside Diameter:**

0.250 inches

**Operating Temperature Range:**

-200.0/+260.0 degrees celsius

**End Application:**

Propulsion console

**Unit Type:**

Protective tube

**Accommodated Contact Type And Quantity:**

3 wire lead

**Terminal Type And Quantity:**

3 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A27600
