Overall Height:

4.390 inches

Mounting Method:

Surface

Usage Design:

Control shelter temperature in the heating mode

Thermostat Type:

Liquid expansion

Operating Temperature Rating:

Between 20.0 degrees fahrenheit and 80.0 degrees fahrenheit

Spring Operated Pressure Relief:

Not provided

Distance Across Flats:

2.140 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
