Overall Height:

3.000 inches

Overall Width:

1.000 inches

Overall Diameter:

2.000 inches

Case Material:

Brass or steel

Actuation Type:

Bourdon tube

Scale Range:

+0.0/+100.0 pounds pressure per square inch

Scale Name:

Pounds pressure

Pointer Type:

Indicating

Scale Type:

Dial

Protective Crystal Material:

Plastic

Criticality Code Justification:

Feat

Special Features:

Explosive ordnance disposal tools/equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
