Current Type:

Dc

Special Features:

Pressure port has standard npt/national pipe thread female connector; 075 psig range; 100 mv dc output; four conductor cable, o/a lg 184.500 in.

Functional Description:

Sensor, oil-pressure

Reference Data And Literature:

17mt11, ti-6820/1, fa-9996/17, environmental monitor & control eq, sec 1-11, pg 8-5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
