## **General Description:**

Molded nylon; nylon tubing; rapid shutoff, acrylic plastic top; flexible vinyl-plastic columns, flexible spring steel scale calibrated in in. Of water using water: in. Of mercury using mercury: pressure range 4-0-4 in. To 60-0-60 in.; velocity and static pressure, for leakage, fan and

Unit Of Measure:
N/a
Shelf Life:
blower tests, calibrating control devices, gas pressure; total pressure 50 psi; roll up for easy handling
water using water, in. Or mercury using mercury, pressure range 4-0-4 in. To 60-0-60 in., velocity and static pressure, for leakage, farrange

Demilitarization:

No
