Overall Length:

34.000 inches

Overall Height:

67.000 inches

Overall Width:

80.000 inches

Voltage In Volts And Current Type:

230.0 ac

Special Features:

Includes solid state temperature control, stainless steel reservoir tank, automatic level control of bath; various gases or mixes of gases can be used; input pressure 0 to 200 psi; power 230 vac, 50/60 hz; laminated work surface, removable access pan, casters and leveling supports

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
