**Overall Length:**

34.000 inches

**Overall Height:**

67.000 inches

**Overall Width:**

80.000 inches

**Voltage In Volts And Current Type:**

230.0 ac

**Special Features:**

Includes solid state temperature control, stainless steel reservoir tank, automatic level control of bath; various gases or mixes of gases can be used; input pressure 0 to 200 psi; power 230 vac, 50/60 hz; laminated work surface, removable access pan, casters and leveling supports

**Material:**

Stainless steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
