Diameter:

2.000 inches

Length:

10.000 inches

End Application:

Kc-135r acft

Presentation Type:

Digital display

Scale Range:

+0.1/+1000.0 degrees celsius single indicator single scale

Product Name:

Indicator, temperature, exhaust gas

Special Features:

Nuclear hardened; sealed; integrally lighted; remote indicating; panel mounted; analog pointer display; 3 digit digital display; includes internal warning light

Supplementary Features:

Tech order 1c-13 (k) r-4-4; part of pilot/copilot forward panel part number 458-50046-508 and -513

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A533y0
