Overall Length:

4.812 inches

Stem Length:

2.000 inches

Dial Diameter:

3.062 inches

Scale Type:

Broad arc dial

Immersion Length:

2.000 inches

Scale Measurement Range:

+50.000/+750.000 degrees fahrenheit

Material:

Stainless steel

Style Designator:

Straight form, horizontal dial

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
