Scale Marking And Surface Finish:

Numerals nonluminous

Diameter:

2.063 inches

Current Type:

Dc

Dc Voltage Rating:

12.0 volts

Scale Range:

+40.0/+120.0 degrees fahrenheit 2nd indicator 2nd scale

Pointer Type:

Clock-hand all pointers

Special Features:

Scale calibration: degrees; scale name: water; encasement feature: included; nonluminous scale marking and color: numerals, white

Supplementary Features:

Chrome bezel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A533y0
