**Overall Length:**

5.406 inches

**Overall Width:**

2.750 inches

**Current Type:**

Dc

**Mounting Device Quantity:**

2

**Overall Diameter:**

2.500 inches

**Actuation Method:**

Pressure sensing element

**End Application:**

Lantirn mobile shelter set

**Voltage Rating:**

5.0 volts output

**Measurement Range:**

+0.0/+200.0 pounds pressure per square inch

**Supplementary Features:**

Oper. Temp. Limits minus 30.0 degf to pos. 180.0 degrees f; enclosure-stainless steel; measured fluids-any fluid compatible with hastalloy c, 303 sst., and viton 'o' ring

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T179-e
