End Application:

C5b aircraft

Special Features:

Operating pressure 3000 psig; proof pressure 4500psig at 180 deg. F; burst pressure 7500 psig at 180 deg. F; operating temp of fluid-minus 65.0 to 180.0 degrees f; surge control-5 sec min. W/differential pressure of 180 psid; signaloperates at 70 porm 10 psid w/fluid temp 100.0 deg. F

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A533y0
