**Width:**

16.900 inches

**Current Type:**

Ac

**Ac Voltage Rating:**

115.0 volts

**Depth:**

9.000 inches

**End Application:**

F110ge100 eng serd 1115; f101-ge-102 for portable test cell (3c3988) control/instrumentation mod kit

**Presentation Type:**

Digital display

**Electrical Connection Quantity:**

2

**Mounting Facility Type And Quantity:**

1 panel

**Special Features:**

Panel assembly, pressure gage no. 3; this item consists of 2 digital pressure indicators, p/n 710a-20psia cage 28066 nsn 6685-01-314-2905 mounted on a panel, p/n 9469m43p02; first indicator b/m statis ps2, second indicator b/m total pt2; connector an816-4-4k

**Height:**

3.750 inches

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A533y0
