Width:

16.900 inches

Current Type:

Ac

Ac Voltage Rating:

115.0 volts

Depth:

9.000 inches

End Application:

F110ge100 eng serd 1115; f101 for portable test cell (3c3988) control/instrumentation mod kit

Presentation Type:

Digital display

Electrical Connection Quantity:

2

Mounting Facility Type And Quantity:

1 panel

Special Features:

Panel assembly, pressure gage no. 4; this item consists of 2 digital pressure indicators, p/n's 710a-50psia cage 28066 nsn 6685-01-310-0151 and 710a-20psia nsn 6685-01-314-2905 mounted on apanel, p/n 9469m44p03; first indicatorb/m wall static psw, second indicator fan duct pe15; connections an816-4-4k

Height:

3.750 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A533y0
