**End Application:**

P/n t044a168-01 cover position calibration, t044a170-01 gyro hinge alignment, and t044a173-01 static laser balancing test stations

**Special Features:**

Range value of 0 to 200 mm and a tolerance of +/- 1 mm and 0 to 1000 microns to within +/- 5 microns; used in conjunction w/bezel adjustment tool serd no. 92m40g

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T179-b
