Overall Diameter:

4.500 inches

Case Material:

Copper alloy

End Application:

Indicator, diff press

Actuation Type:

Bellows

Scale Range:

+0.0/+100.0 inches of water

Scale Name:

Differential pressure

Scale Type:

Dial

Actuating Element Material:

Any acceptable

Special Features:

Scal data-white (blank), connections 2 in cres sensor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-b
