Electrical Resistance Temperature Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-380-3444

### **End Application:**

Pacer dawn

### Unit Type:

Protective tube

#### **Special Features:**

Xt12 thermister on a/b pins; heater used to prevent iceing on d/e pins; f pin ground; polarizing key at 12 o'clock +/- 5 deg.; model number j25/j26; pressure sensing boss per sae-sa198603, 2 ea; connector to mate with d38999/46fb99n

#### Shelf Life:

N/a

### Unit Of Measure:

---

## Demilitarization:

No

Fiig:

A27600
