Current Type:

Dc

Mounting Device Quantity:

1

Actuation Method:

Diaphragm

Contact Quantity:

2

Contact Type:

Screw terminal

Voltage Rating:

12.0 volts input and 45.0 volts input

Electrical Connection Quantity:

1

Mounting Method:

Bracket

Measurement Range:

+0.0/+10.0 inches of water pressure

Functional Description:

For fluids other than sea water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
