Body Material:

Brass

Specific Gas For Which Designed:

Nitrous oxygen

End Application:

Used for support equipment

Stage Type:

Double

Cylinder Pressure Gage:

Included

Cylinder Pressure Gage Range:

+0.0/+4000.0 pounds per square inch

Maximum Delivery Pressure:

50.0 pounds per square inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-b
