Overall Width:

57.0 millimeters

Overall Length:

160.0 millimeters

End Application:

Navstar global positioning system user equip.

Voltage Rating In Volts:

9.0 dc

Case Type:

Rectangular

Measurement Range:

-20.0/+60.0 degrees celsius and +0.0/+100.0 percent relative humidity

Overall Height:

27.0 millimeters

Special Features:

3.5 digital lcd; housing abc plastic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
