**Operating Temperature Range:**

-300.0/+1500.0 degrees fahrenheit

**End Application:**

F-15i aircraft

**Unit Type:**

Bimetallic

**Accommodated Wire Awg Size:**

20

**Immersion Length:**

6.000 inches

**Special Features:**

Uses 1/4 inch npt mounting connector with compression fitting, standard 2 pin connector

**Material:**

Steel comp 304 outer jacket insulation/sheathing

**Terminal Type And Quantity:**

1 plug

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A27600
