Operating Temperature Range:

-300.0/+1500.0 degrees fahrenheit

End Application:

F-15i aircraft

Unit Type:

Bimetallic

Accommodated Wire Awg Size:

20

Immersion Length:

6.000 inches

Special Features:

Uses 1/4 inch npt mounting connector with compression fitting, standard 2 pin connector

Material:

Steel comp 304 outer jacket insulation/sheathing

Terminal Type And Quantity:

1 plug

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A27600
