Major Components:

Housing p/n 8118-707-1; thermistor p/n 78218 or 443-1977-001; connector p/n m83513/02-gn; heater p/n hk5548r26.3l12e; also included are various screws, clamps, and wiring

End Application:

Lgm30 gcats

Component Quantity:

6

Usage Design:

Used to simulate gyro compass thermal properties for bearing test station

Special Features:

Manufacturers name: thermal simulator assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
