Overall Length:

2.540 inches

Overall Diameter:

2.280 inches

Case Material:

Plastic

End Application:

Special aircraft and engine tools

Illuminative Method:

Any acceptable

Connection Quantity:

3

Scale Marking:

Voltage drop over oil pressure

Scale Accuracy:

2 deg. Of f.S. @ 75 degrees f (24 degrees c)

Special Features:

Salt spray meets or exceeds astm 117, 48 hours

Surface Treatment:

Anodize

Supplementary Features:

Vibration 0.060 double amplitued 10-80-10 hz

Surface Treatment:

Anodized

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
