Actuation Type:

Bellows

Scale Range:

+0.0/+10.0 pounds pressure per square inch

Scale Name:

Differential pressure

Dial Size:

4 1/2 in. Dia

Pointer Type:

Indicating

Scale Type:

Dial

Actuating Element Material:

Steel, corrosion resisting, aisi 316

Scale Inscription/background Color:

Black figures; white background; red set pointer

Scale Name For Which Pointer Is Designed:

Differential pressure

Connection Size:

7/16-20 unf-2b

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
