Body Length:

2.750 inches

Operating Temperature Range:

-40.0/+400.0 degrees fahrenheit

End Application:

Tarawa class lha

Socketlength:

10.500 inches

Bulb Tip Length:

8.250 inches

Accommodated Contact Type And Quantity:

3 screw

Special Features:

Element: cp nickel; resistance: 120 ohms at 32 degrees fahrenheit

Material:

Nickel bulb

Style Designator:

Integrally-mounted element

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
