Operating Temperature Range:

-55.0/+150.0 degrees celsius

End Application:

Next higher assmby is p/n 689-4082; end item is an/a1c-36

Product Name:

Temp sense rack assembly

Special Features:

Electrostatic discharge (esd); length 5.00 +/- .10 inches; diameter excluding connector is .225 +/- .005

Terminal Type And Quantity:

1 connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
