Body Length:

6.000 inches

Operating Temperature Range:

-100.0/+400.0 degrees fahrenheit

End Application:

Water class tags-45

Unit Type:

Protective tube

Material:

Steel comp 316 protective tube

Style Designator:

Integrally-mounted element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
