Overall Length:

1.850 inches

Overall Width:

0.875 inches

End Application:

Liquid oxygen nitrogen plant p/n d844-1001, cage 96101

Fluid Type For Which Designed:

Liquid and gas

Threaded Direct Pressure Connection:

Provided

Removable Piston:

Provided

Material:

Steel, corrosion resisting, aisi 316

Material:

Steel comp 316

Material Specification:

Aisi 316 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-n
