Overall Length:

3.600 inches

Overall Diameter:

2.070 inches

Actuation Method:

Pressure sensitive capsule

Contact Quantity:

1

End Application:

Heavy eqpt sup. Veh. (hesv), western star trucks inc

Contact Type:

Binding nut

Electrical Connection Controlling Agency:

Teleflex inc

Electrical Connection Identifying Number:

1501671d

Measurement Range:

-40.0/+320.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
