Overall Length:

3.650 inches

Overall Width:

4.850 inches

Overall Thickness:

2.200 inches

Contact Quantity:

19

End Application:

C-17 aircraft, nha 17p1e1021

Contact Type:

Pin

Electrical Connection Quantity:

1

Electrical Connection Controlling Agency:

Military specification

Electrical Connection Identifying Number:

Ms3470w14-19p

Mechanical Connection Quantity:

1

Mounting Method:

Flange base

Special Features:

Mfg name: pressure sensor, cabin pressure control system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
