**Overall Height:**

7.000 inches

**Mounting Method:**

Any acceptable

**Flow Control Device:**

Any acceptable

**End Application:**

Compressor unit reciprocating

**Largest Outside Diameter:**

3.062 inches

**Usage Design:**

Control temperature

**Thermostat Type:**

Any acceptable

**Opening Temperature Rating:**

70.0 degrees fahrenheit

**Spring Operated Pressure Relief:**

Not provided

**Special Features:**

Self-actuate temperature regulating value with external sense; this model has a stainless steel well

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T121-c
