**Overall Length:**

3.870 inches

**Overall Width:**

1.070 inches

**Current Type:**

Dc

**Mounting Device Quantity:**

2

**Actuation Method:**

Pressure sensing element

**End Application:**

Hydraulic power unit; p/n 42026 onboard wagb 420 ft u.S. Coast guard vessels

**Voltage Rating:**

24.0 volts output

**Measurement Range:**

-4.0/+248.0 degrees fahrenheit

**Special Features:**

4 to 20 ma output; cable style transducer; electrical connection 36 ins shielded 2 conductor cable

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T179-e
